

Highlights.

R-Line exterior with bumpers in 'R' design

The R-Line offers sporty styling with 17-inch 'Manila' alloy wheels, front sports comfort seats and R-Line specific front & rear bumpers.

Express your individuality with the different design colour packages

Enjoy more design versatility than ever in the interior of your T-Cross. Choose between Black, Energetic Orange and Bamboo Garden Green design packages for a look that is uniquely and distinctively you.

LED headlamps with separate LED daytime running lights

The LED headlights feature a singular signature style, with integrated daytime running lights for improved visibility. Distinctive tail light clusters and reflective strips add the perfect finishing touch to the lighting design.

'Active Info Display' high-resolution digital cockpit

The new high-resolution digital display provides all the key information you need while you're driving, with configurable instrument styles.

'Air Care Climatronic' 2-zone automatic climate control with allergen air filter

The Climatronic system splits the cabin into two distinct zones so you and your passenger can each control your own temperature and airflow. An allergen filter helps you enjoy better air quality inside your T-Cross.

'Composition Media' radio with 8" touch screen display + App-Connect smartphone connectivity

Put everything at your fingertips with the user-friendly infotainment system, featuring a high-resolution 8-inch display. Simply connect your Apple or Android smartphone via the USB-C port to integrate selected apps onto the touchscreen.

Sound system 'Beats Audio' with 6 speakers, 8-channel digital amplifier, subwoofer, 300W total power output

The exceptional sound system includes a subwoofer and amplifier that deliver 300W of pure unadulterated sound, powerful enough to move you and your passengers.

Park Assist with Park Distance Control in front and rear & Rear view camera system

Back in and out of any parking lot with ease, as the Park Assist system takes control of the steering and manoeuvres you expertly into place. All the driver has to do is operate the accelerator and the brake.

Safety.

6 airbags

An advanced airbag system ensures that all occupants are well-protected in an impact. The T-Cross has 6 airbags, including side curtain airbags that protect both front and rear passengers.

Driver alert fatigue detection system

The system monitors driver behaviour closely, so it can judge the moment that you are starting to feel sleepy and need to stop. It will alert you with a visual display on the dashboard and a warning sound.

Aftersales.

Here at Volkswagen, you can be assured of our service quality. We deliver as promised!

Express Friday.

Get standard 15,000 km and 30,000 km servicing done in under 3 hours*.
